When it comes to the new Adult Use regulations we want to assure you that here at Sweetbuds, our Medical patients come first. To alleviate the wait and stress of your visit, here are the changes we are implementing beginning July 1st, 2023:

## MEDICAL ONLY REGISTERS

While all registers can serve Medical patients, there will be registers that are designated for Medical only so your wait time is not as impacted by Adult Use consumers.

## MEDICAL ONLY PRE-ORDERS

Want to make your check out process faster? Then make sure to place a pre-order on our website! Pre-Orders are reserved for Medical patients only, so be sure to keep your MCA card and prescription current.

## MEDICAL ONLY CURBSIDE

If you love the convenience and ease of having your order brought to your car, have no fear. Curbside pick-up is reserved for Medical patients only, so make sure you place a pre-order before your arrival!

## MEDICAL ONLY DAILY DEALS

We know that part of why you shop with us is because of our daily deals. As long as you maintain your MCA card and prescription, you will always save when you shop with us.
